From Mayor Krasnomowitz...

Happy Fall! I'd like to take this opportunity to wish all of our students the best of luck this school year.

Please be sure to take advantage of the great weather that the fall brings and enjoy our parks and all the local recreation that Sussex County has to offer.

My big push for this message is that we need your help! We are actively looking for fire department members. I realize this is a big ask, but they are the ones that answer the calls when we need someone to help! If you have some time that you could give stop by the firehouse and talk with a member to see what it takes to become a member.

The town also is looking for volunteers on the some of the town boards or commissions! If you are looking to give back to your town, consider Recreation, Public Works, Land Use, or Historic Preservation. We have openings that need to be filled, and you don't have to have any experience. Most of the boards meet just one night a month and with regards to the recreation – they run some great programs for everyone during the course of the year. If you are interested, please reach out to someone in town hall and they will get you the information on any board that you might have interest in.

Sincerely, Rich Krasnomowitz

Water/Sewer Department News

You could miss out - The Borough has received a \$500,000 grant to replace galvanized and lead lines. The funds are available on a first come, first serve basis for homeowners who complete the survey.

The Borough is in the process of identifying what type of water service lines owners have entering their homes or businesses. Door tag surveys are being left on the doors of Borough residences. When you see the tag, please do not throw them out. Complete the survey and return it to Borough Hall. Our thanks to all those who have already completed this survey.
